

SIRIUS[®]
SHINING MOMENTS

CHRISTMAS 2014

OUR PHILOSOPHY

LIGHT HAS BECOME A SUBSTANTIAL PART OF MOST PEOPLE'S INTERIOR DECORATING

We strive to create the right atmosphere, and light is an important factor in the choices we make. Quality, experience and trust has made Sirius a well-known brand on the European market since its establishment in 1971, and through continuous product development and constant quality control Sirius has become a market leader in lighting. Through time Sirius has specialized in decoration lights for private homes as well as in professional lighting for the retail market and both product lines have been developed far beyond their traditional functions. Sirius is represented at several trade fairs in Europe throughout the year, where we showcase our assortment as well as ideas and inspiration for interior design and shop design.

Sirius attaches great importance to inspire and to be the creator of new styles in home- and shop decorating. Light is a lifestyle product and Sirius is in the front, showing how easy it is to express your own individual style and create your own shining moments with Sirius.

In Allerød, situated north of Copenhagen, we have 3000 m² offices and showrooms as well as a 9000 m² warehouse where we work with light. You can also find Sirius on Facebook.

SIRIUS' SUPPORT AND CARE

SIRIUS STRIVES TO BE YOUR PREFERRED SUPPLIER OF LIGHT DECORATIONS

With that in mind we continuously focus on developing our position as the most innovative and creative producer of lights. Having established our position as a trustworthy and fair collaborator, we continue to serve and support our customers as well as good causes, being an official sponsor of TV2 Hjertegalla by the Danish Heart Foundation.

GREEN ENERGY MAKES SENSE

SIRIUS TAKES GREAT CONCERN IN DESIGNING PRODUCTS WHICH HAVE AS LITTLE IMPACT ON THE ENVIRONMENT AS POSSIBLE

You can find the Green Energy label on most of our products, giving you the best guarantee for environmental care and sustainability. A product certified with the Green Energy brand saves up to 90% electricity compared with traditional light decorations. To indicate the use of green energy and environmental care, we supply our outdoor light chain systems with a green light in the first LED as an extra feature.

"SIRIUS IS NOT JUST A COMPANY NAME, BUT TALENTED PEOPLE BEHIND AS WELL AS THE BRIGHTEST STAR IN THE SKY

Every year our assortment is put together carefully and I hope that our design and quality lives up to our objectives of creating happiness and joy. When you turn the pages of our catalogue, you will find products that make a difference. We are going for design and functionality of the future as well as high-quality packaging that one can only be proud of. Thank you for taking your time to view our new Sirius assortment." *Stig Gerlach, CEO*

SHINING MOMENTS

SIRIUS CHRISTMAS

INTERIOR Page 6 – 75

Here you will find a beautiful and vast assortment of Christmas light decorations in every form, material and colour for a magical, joyful Christmas. Glittering glass items, classic ceramic elves and angels, fine metal and high-quality acrylic items, wax candles and battery lights, delicate wire decorations and soft cotton ball lights, tiny twinkle lights, pearls and prisms, light trees, leaves and flowers - many of which can be enjoyed all-year round.

EXTERIOR Page 76 – 101

Light up the darkness and ease the cold weather with outdoor light decorations, spreading a warm and homely feel. Decorate with nets, curtains, icicles, ice crystals, frosty flowers, globe lights, ropelight reindeers and stars, Christmas tree lights and lanterns as well as many strong, good quality light strings for all kinds of weather.

THE CHRISTMAS

ELFS

OF MERRY WOODS

Under the roots of an old oak tree deep, deep in the forest, the Christmas Elfs live a merry life. But when the first snowflakes dance in the air, the elves pack up and move into your home to keep warm, and to bring you lots of shining moments and Christmas joy.

LET THERE BE

LIGHT

All Sirius' wax candles come with a convenient and energy-saving timer function. The candles will light up for 8 hours, turn off automatically for 16 hours and then light up again. The timer function is optional as is the possibility of turning the lights on again during the 16 hour interval.

MONA

Globes of LED candle lights with textured surface in two different sizes.
Batteries included in the small 2 pcs set.

NEW FEATURE

Timer:
8 HRS on
16 HRS off

YOU CAN USE THEM

EVERYWHERE

Sirius battery lights look exactly like real tea lights with their softly flickering flame. Place them where open flames normally would be avoided and enjoy the lifelike glow, while forgetting all about fire hazards and risks to children and pets. Lone and Puk tea lights come with long-lasting batteries, and so they not only last the whole evening and through the entire party, but can also be used again and again.

LONE / PUK

Lifelike battery lights in standard and large tea light size.

Lone battery lights are now also available in a glittering champagne colour to add a little shimmer to the Christmas table.

Batteries included. Design by Sirius and Marianne Bjarløv.

DECORATE FOR

CHRISTMAS

WITH THE COLOURS YOU LIKE

Every single cotton ball is handmade, dried in the sun for hours, transported through half of China, fitted with the characteristic warm Sirius LED colour, packed in gift boxes, travelling the Seven Seas and at last displayed in stores all over Europe before ending up in a loving home. Choose your favourite(s) and decorate with Bolette for Christmas.

EXTENDABLE SYSTEMS

EASY-LINE

COMPLETE SYSTEM FOR LIGHT DECORATIONS

- SAVE UP TO 60% OF NORMAL POWER CONSUMPTION
- UP TO 50,000 HOURS OF LIGHT
- CONNECT UP TO 400 OR 800 LEDS

WITH

EASY-LINE

LIGHT DECORATIONS FROM SIRIUS YOU CAN EXTEND YOUR SYSTEM EVERY YEAR.

Get started with Sirius Easy-Line Start set, which can be extended with up to 400 LEDs – or start with a net and a transformer. Connect light chains, nets or ice crystals by the connector and take your lights in different directions over windows or shrubs – all on just one cable. The only limit is that you may only use:

50 to 400 LED lights with a 30 watt transformer.

The 30 watt transformer is included in the start set. (Can also be bought separately)

50 to 800 LED lights with a 60 watt transformer.

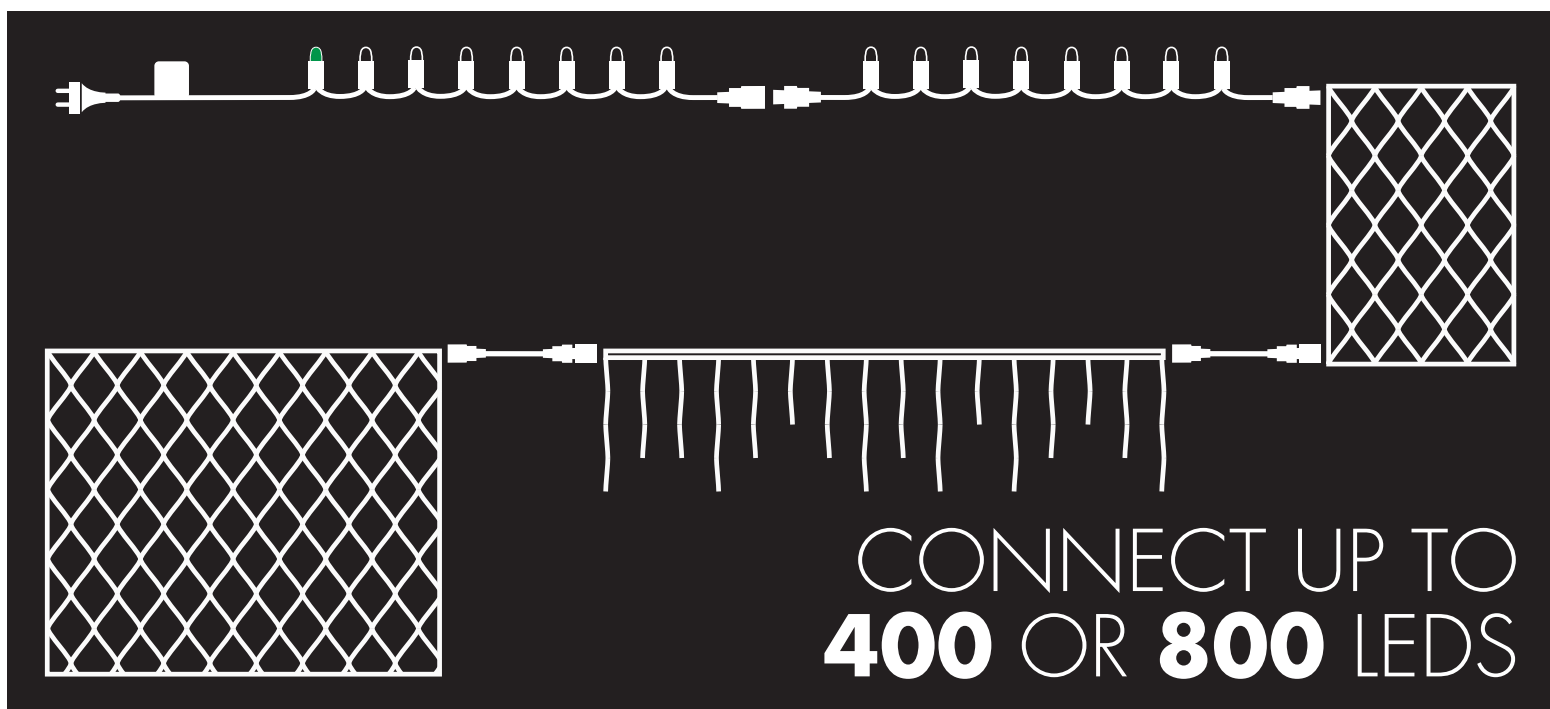

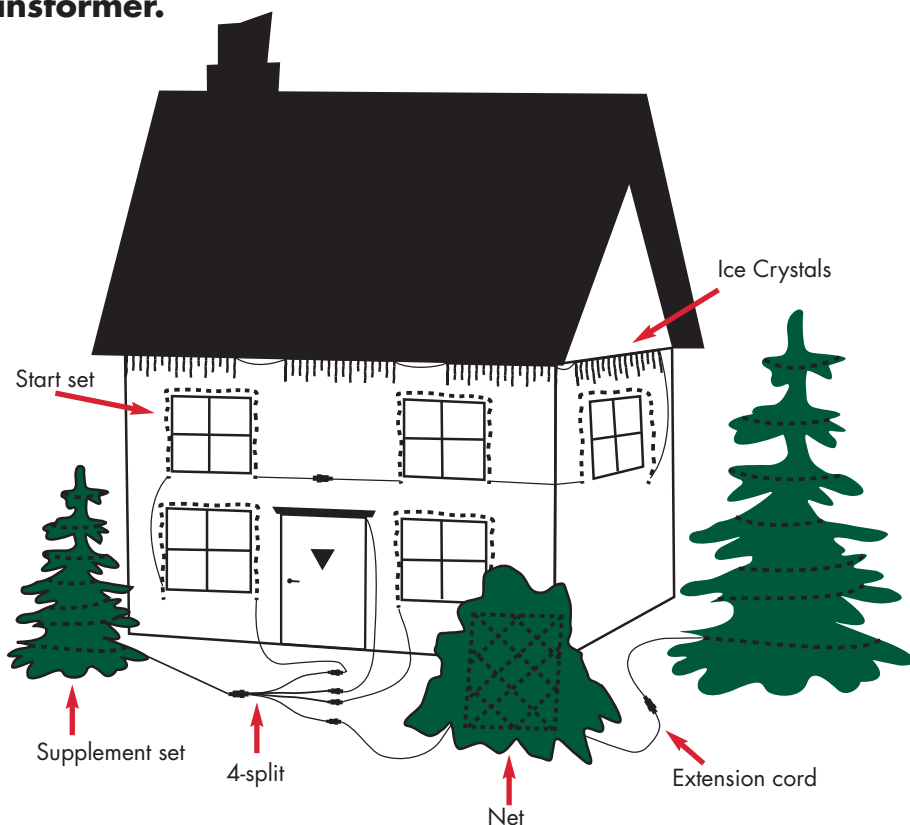

(Is only sold separately)

A green LED is mounted on each Easy-line start set to indicate the use of an energy saving light decoration.

That's what we call

GREEN ENERGY.

EASY-LINE

START SET CONTAINS:
1 X 30W IP64 TRANSFORMER, 8M LEADWIRE AND 1 X 100 LEDs

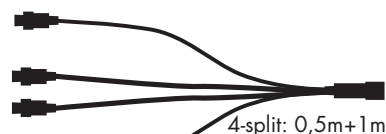

Start set: 15+2+8m

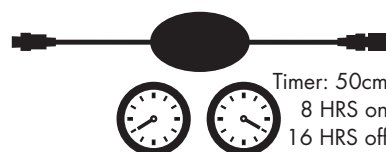

Supplement set: 7,5m / 15m

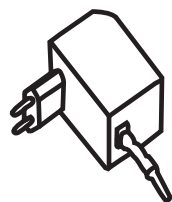

Extension cord: 10m

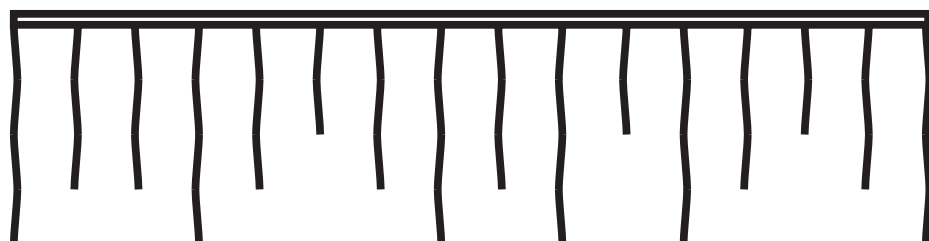

4-split: 0,5m+1m

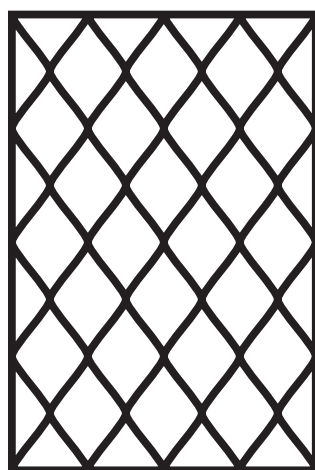

Timer: 50cm
8 HRS on
16 HRS off

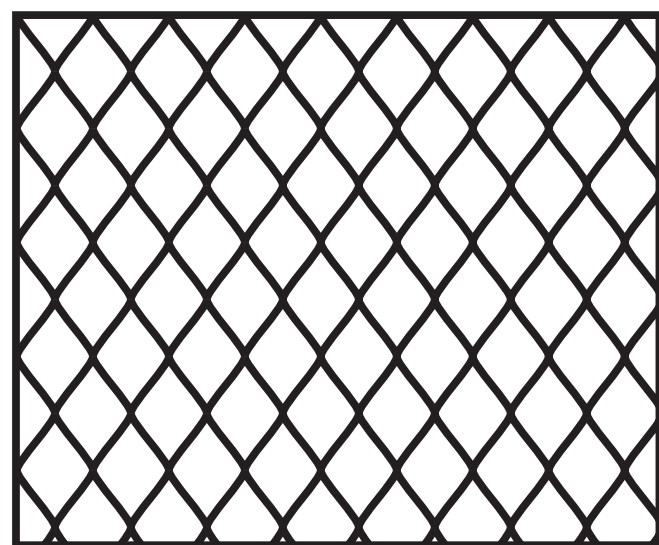

Transformer 30W
Transformer 60W

Ice Crystal: H0,9xW2,5m

Net: 1x1,1m

Net: 1,5x2m

EASY-LINE

Extendable 24V system.

A start set contains: 1 x 30W IP64 transformer, 8m leadwire and 1 x 100 LEDs.

Also available as shop floor display solution.

TIME-LINE

WITH TIME-LINE THERE IS NO DEPENDENCY ON SOCKETS AND LONG LEAD WIRES and therefore no limitations to where the lights can be placed. Also, due to the timer function the light chains will light up for 6 hours and then turn off for 18 hours, enabling the light to last all Christmas without change of batteries. You can of course always choose to turn on the lights again during the 18 hour interval.

EASY-LINE DISPLAY

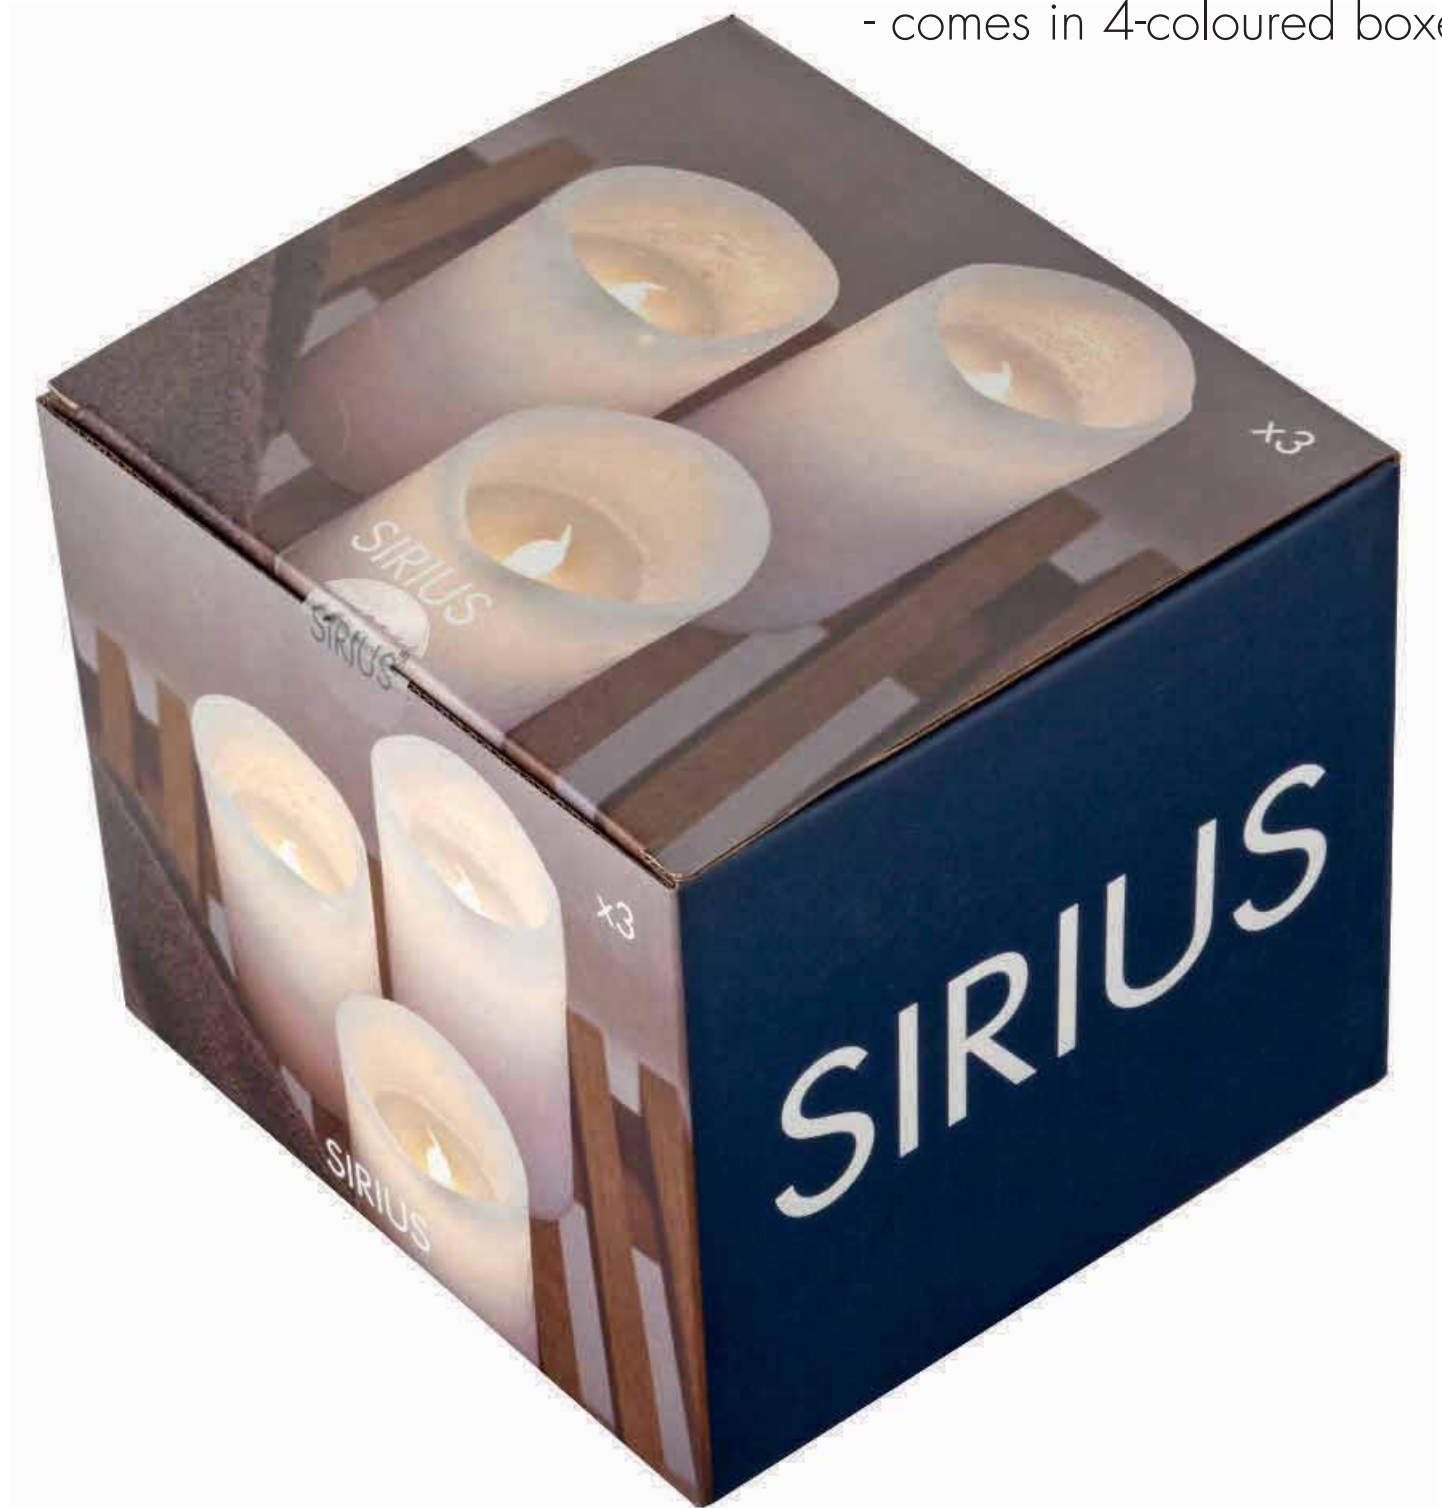

Easy-Line is also available in a shop floor display solution, making it easy to start up an assortment of the well-known extendable system.

The display itself is made of cardboard in high quality, which makes it easy to handle, while still stable and strong. Contact us for a display solution suiting you.

THE SIRIUS COLLECTION

- comes in 4-coloured boxes

Sirius' blue colour boxes in high quality and simple tasteful design unify all items and give the Sirius collection a stylish and very salable expression in the stores. Space management and successful exposure is made easy with the stable, yet delicate gift boxes as well as our new display solution attracts a lot of attention, having proved to boost sales significantly.

All low and high voltage products are delivered with an extensive user manual in six languages and inside our designer gift boxes you can also find a nice colour leaflet. The leaflet features inspiration and ideas as well as various information about the particular range.

Sirius takes great pride in design, functionality as well as presentation of our products for yet another beautiful and successful Christmas season.

SIRIUS®

SHINING MOMENTS

A photograph of a two-story white building at dusk. The building has four rectangular windows, two on each floor, all of which are illuminated from within, casting a warm yellow glow. The sky is a deep blue. In the foreground, at the base of the building, there are strings of warm white Christmas lights. To the left, a dark wooden fence or gate is partially visible.
